meltstream | STEVE BRAND, ROY MATTSON

"unlost"

departed
no foot prints
never a trail
the long way home
(odd calls and cries from the distances)
some are things of substance
some are not

hosts
strange lights and firefly stars
beyond the edge of a flat earth
a transitional experience
being the river of becoming

inches from eternity
meltstream lying
just above treeline where i am
unlost

- s. brand 2013
